

### Directions from A60 Nottingham

The A60 from Nottingham will bring you into Loughborough under a low bridge. The road bends to the left past the Brush factory and over a set of traffic lights with the train station on your right. Cross straight over at the lights and continue on over a hump backed bridge (over canal) and towards the town centre.

Continue on and you will arrive at the traffic lights with the old Post Office building on you left. Go straight over here and on with the road bearing right onto Lemyngton Street. Keep following the road round onto Fennel Street with the Rushes Shopping Centre on your left.

At the T junction turn left onto Toothhill road. At the next T junction (The Swan in The Rushes pub will be in front of you to the left) turn left onto the A6. After the pedestrian crossing lights turn right onto Derby Square (this is one way). At the next traffic lights (with Sainsbury's in front to the right and the Griffin Pub on your left) turn left onto Frederick Street.

Take the second right onto Heathcoat Street which is a one way street with a large red brick church on the corner. We are about half way down on the left hand side.
